www.comnetcomm.com

ComNet's integrity, expertise and ability to turn challenges into profitable growth opportunities is the foundation for our reputation and success in a demanding and changing industry. Our dedication to customer service, our understanding of the most sophisticated technology and our attention to the slightest detail assures that our customers will always be connected to the future.

Life Sciences

LOCATION: Pearl River, NY

INDUSTRY: Pharmaceutical

SOLUTION: Multiple solutions

The Pearl River, NY facility serves as a key research and development hub for a leading pharmaceutical company, with a primary focus on advancing vaccine development. This facility plays a crucial role in the company's ongoing efforts to drive innovation in the healthcare sector.

Since 1984, ComNet Communications has provided a wide range of solutions to support the critical operations and infrastructure of this facility. Our dedicated team of experienced technicians has been integral in ensuring the seamless operation of the Pearl River site. We have consistently delivered high-quality services, including:

- Copper and fiber installations for moves, adds, and changes (MAC), ensuring optimal network connectivity and performance across the site.
- Multiple Outside Plant (OSP) projects, including the installation of essential cabling infrastructure to support the facility's expanding needs.
- MAC work, handling the complex tasks associated with system expansions and reconfigurations to accommodate evolving technology and operational requirements.
- Installed the complete Cellular Neutral Host Distributed Antenna System (DAS) for enhanced wireless coverage and capacity.

ComNet's proven track record at the Pearl River facility reflects our commitment to providing reliable and efficient solutions for this critical center of vaccine development.
